## Our Greatest Coat Values

Fabrics chosen for superb wear; tailoring that lasts; styles that endure

This year, more than ever, quality pays. You want the finest workmanship, fabric and wear you can get at your price. To meet this trend of the times we bring you our new record-high value. We have made two polo coats that give finer tailoring and material than even Sears ever offered before for \$27.50. This classic Balmacaan and Wrap-tie are tailored superbly. Read the panel below. See the care lavished on every coat. And these materials, like the tailoring, will give lasting satisfaction. For Seasons to come, you'll be warm, feel proud, look lovely in these Kerrybrookes.

Hang of a coat depends on way shoulders are cut. Not squared, not sloped . . . but **CURVED**. We cut these that way, then accent their good lines by padding.

Under-collars reinforced with good shape-retaining canvas.

Fronts and facings, stitched to keep edges smooth and flat.

Tape-stitched seams are safe against sagging or stretching.

Extra-deep hems on sleeves are easy to lengthen, if you wish.

Sleeve edges are reinforced with fine shape-retaining canvas.

Lining hand-tacked to seams; keeps it in place, prolongs wear.

Lining seams closely over-cast on the inside, to eliminate raveling.

Finest tailoring ever offered in a Kerrybrooke at this price:

Top-quality tailoring demands frequent pressing through many stages of making a coat. These are pressed at 12 points-of-progress. Their good lines last.

Mens-wear canvas reinforcement across shoulders, keeps shape.

Tape-bound armholes retain good shape after long wear.

Pocket corners, tacked to reinforcements; they resist strain.

Pockets finished with insert of strong muslin to eliminate bulk.

Fronts well reinforced, with good quality shape-retaining canvas.

Coat fabric facings, handsomely bound with lining material, give each of these coats a fine finish like mens-wear tailoring.

That bring three-way value  
To you who are sizes 39-53**

● **They fit you Correctly:**

Larger across the shoulders, around the bust.  
Roomy through upper arm and around the waist.

Armholes fit without binding. Sleeves come  
well up on shoulders, never sag or droop down.

Collars are narrowed in back and tapered in  
front . . . to slenderize full face and throat.

Only slot pockets are used. Their up-and-down  
lines lengthen your figure; make you taller.

Smooth fabrics, neutral colors especially se-  
lected to make full figures slimmer, lovelier.
